Report of Principal and School Improvement Council

At Ridge Spring-Monetta Elementary/Middle School, we strive to create an educational environment that promotes a passion for learning and achievement. Our goal is to provide our students with an educational experience that will serve them as they compete and contribute in a global society. RSMEM's mission is to provide each student with an educational environment that meets his/her developmental, emotional, and instructional needs. Our academic programs are aligned with the state standards, and instruction is based on the data gained from student assessments.

During the 2009-2010 school year, RSMEM's focus was the implementation of the Aiken County Reading Initiative. This initiative demonstrates Aiken County Public School's unwavering commitment to embrace its responsibility for ensuring that each student at any level becomes a successful reader and writer. The following steps were taken to support the reading initiative:

- Three reading interventionists worked fulltime with 1st and 6th grade students.
- One of RSME's kindergarten classrooms became a model classroom for the district. This classroom allowed teachers to observe a successful implementation of the model. Elementary schools sent kindergarten teachers to visit our model classroom.
- District specialists worked with RSMEM's teachers and organized an exchange program for teachers to visit model classrooms around the district.
- RSMEM piloted the middle school version of the county's reading initiative.

The 2009-2010 school year witnessed the creation of RSMEM's School Intervention Teams. These teams were created at both the elementary and middle school level to consolidate the school's intervention resources and ensure that students receive the appropriate interventions needed for success. SIT enables the school to identify struggling students early, allowing interventions to make the greatest impact.

RSMEM held its 1st Fall Festival in October. The festival was an opportunity for the community to join with the school and provide an afternoon of fun for our families.

In 2009-2010, RSMEM met all the AYP criteria for reading but did not meet the state minimum in 2 sub categories in math. For the 2010-2011 school year, RSMEM will continue with the reading initiative and will increase our focus in mathematics.

Making Middle Grades Work will be implemented during the 2010-2011 school year at RSMEM. The middle school teachers will attend a summer conference where they will receive the training needed to create an implementation plan for integrating the MMGW philosophy at RSMEM.
